Introduction

TIDEL Park Coimbatore Limited ('the Company' or 'TPCL') has adopted this policy, upon approval of its Board and the said policy is in compliance with the requirements of section 134, Section 177 and Schedule IV of the Companies Act, 2013 and rules there under ('the Act').

This policy shall be applicable to the company with effect from 1st January, 2026.

Objective

This policy has been designed to lay down a framework for Risk assessment and risk minimization procedures.

Risk management policy and processes will enable the company to proactively manage uncertainty and changes in the internal and external environment which will limit negative impacts and optimize business performance, promote confidence amongst various stakeholders and meet the overall growth objectives.

Definitions

The following words shall have the meanings as provided in the policy, unless otherwise mentioned in the Act:

Audit Committee	"Audit Committee or Committee" means the Audit Committee of the Board constituted under the provisions of Sections 177 of the Act.
Board	"Board" means the Board of Directors of the Company as defined under the Act.
Policy	"Policy or this Policy" means Policy on Risk management

Words and expressions used and not defined in the policy shall have the same meanings as assigned to them in the Act.

Background

Every corporate house shall be subject to various risks which can be internal and external.

The intention of this policy is to formalize the Risk Management policy, which shall:

- (i) Ensure that all the current and future material risk exposures of the company are identified, assessed, quantified, appropriately mitigated, minimized and managed to ensure adequate systems for risk management.
- (ii) Establish a framework for the company's risk management process and to ensure its implementation.
- (iii) Enable compliance with appropriate regulations, wherever applicable, through the adoption of best practices.
- (iv) Assure business growth with financial stability.

The requirement of the Risk management policy has stemmed from the provisions of the Companies Act 2013 summarized as follows:

Regulatory Requirements for Risk Management

Companies Act 2013

- (a) Provisions of Section 134 (3)

There shall be attached to financial statement laid before a company in general meeting, a report by its Board of Directors, which shall include a statement indicating **development and implementation of a risk management policy** for the company including identification therein of elements of risk, if any, which in the opinion of the Board may threaten the existence of the company.

(b) Provisions of Section 177 (4)

Every Audit Committee shall in accordance with the terms of reference specified in writing by the Board which shall, inter alia, include "Evaluation of internal financial controls and **Risk Management Systems**".

(c) Schedule IV [Section 149 (8)] - Code for Independent Directors

Identification of Risks

In order to identify risks, the company defines risks and prepares its risk profile based on the overall business strategy and growth.

The company at present identifies the following key material internal and external risks-

- (a) Funding risk
- (b) Financial / Leverage risk
- (c) Interest rate risk
- (d) Project related risks like modification in terms of an already assigned project, default made by contractors and subcontractors, litigations relating to projects. Delay or inability to obtain certain key licenses to operate a project etc.
- (e) Competition risk
- (f) Human resource risk
- (g) Regulatory risk in terms of Government policies and changes in laws including tax laws
- (h) Policy changes with specific reference to SEZ laws
- (i) Defaulters' Risk
- (j) Outsourced contractors / service provider's Risk.
- (k) Compliance Risk
- (l) Performance risk
- (m) Legal risk
- (n) Natural calamity risk

- (o) Technical obsolescence risk
- (p) Title risk to Land Bank
- (q) Political and Economic risk
- (r) Real Estate sector specific risks such as demand and supply of space and its related occupancy level and vacancy rate etc.

Risk management system

To monitor and manage the risks, the company needs to have a system based approach which is already inherent in the company's operations, which is backed by a stringent Management Control System.

- (a) Senior Management planning and supervision functions ensure effective control on all associated risks.
- (b) The audit function includes (Secretarial Audit, Financial Audit, Operational Audit & CAG etc) helps in identifying and controlling the risks. The possible solution of such risk is worked out and implemented by senior management.
- (c) Risks are also required to be managed on a process based system where, each function shall ensure that there are adequate controls in place, process wise, to manage the risk of their respective process e.g. operations / finance as a function shall ensure that there are appropriate controls in place to mitigate the material risks of outsourced service providers / financial / funding / interest rate risk.

Conclusion

The policy shall be amended as required from time to time in case of any changes in the Act and the rules made thereunder.

This policy or the relevant provisions of this policy shall be disseminated to all concerned employees of the company and shall also be uploaded on the website of the company.
